S – sensitive, A – positive allergic screening.
N – normal, D – dry, C – combination, O – oily
W – woman, M – man

In 20 subjects, the results of patch tests were **negative**, which means that the product does not cause irritation or allergy reaction in those subjects.

8. CONCLUSION

1. Having carried out the patch tests on the chosen population, it has been determined that the product **BIONFY PLUS WET WIPES – ALOE VERA** should not cause any irritating effect.
2. The results of the study apply only to the individuals not allergic to any ingredient in the product.
3. The product meets the requirements of the skin tolerance test and may be estimated as **non-irritant**.
4. The **BIONFY PLUS WET WIPES – ALOE VERA** meets the requirements of the cosmetics products with declared human health safety properties.
5. Issued opinion does not include the ingredient analysis of the product.
